

12TH ANIE CONFERENCE 2022

Facing the Future: Developments in Africa's Higher Education Cooperation beyond COVID 19

The 12th African Network for Internationalization of Education (ANIE) Conference will take place (virtually) from 24th to 25th November 2022 under the Theme Facing the Future: Developments in Africa's Higher Education Cooperation Beyond Covid 19. While the 11th ANIE Conference took stock of the impacts of the COVID 19 pandemic on internationalization of higher education in Africa, the 12th ANIE Conference comes at a time when the effects of the pandemic are receding but with some lasting impacts on Africa's higher education. Based on this backdrop, the 12th ANIE Conference looks into the future of Africa's higher education with a focus on new developments in intra-Africa higher education collaborations and cooperation with other world regions in the aftermath of the COVID-19 pandemic.

The conference will delve into some of the recent transformations and their implications on the future of higher education internationalization in Africa. In addition to the new developments and transformations, the conference discuss the regional and national policy developments and strategies that contextualize how African universities are responding to their new realities. Apart from the pandemic, other global developments such as as the EU-Africa Initiatives, China-Africa relations, the impacts of digitatization are shaping the future of higher education collaboration in and with Africa will also be interrogated.

The recent Times Higher Education Rankings of October 2022 depicts that African universities have made a significant leap in the rankings and are now beginning to be players in the global knowledge society. There are now close to 100 African universities in the to 1000 ranked universities. The conference is thus generate robust dialogues on how to enhance cooperation and internationalization in African universities to enable them execute their roles and mandates.. These will be nuanced with aspects such as quality, equity and inclusion especially in regards to the developments in internationalization way beyond mobility and partnership projects.

The conference will generate thoughts and ideas for designing and shaping the future of African higher education systems. The conference should open up dialogues between various stakeholders including students, faculty, university leadership, government, development partners and other stakeholders in inclusive and integrated ways.

Join us for the conference by registering [here](#). It is free! See the conference program and speakers
